

Ezel Corp Terms and Conditions

Last Updated: 18/11/2024

IMPORTANT INFORMATION

Generative Nature of Works

At the time of writing, all works sold through **inres.art** are generative in nature. The piece you purchase is only revealed as it is minted on the blockchain once the transaction is verified. The work purchased will differ from the samples displayed on this website.

1. Introduction

These Terms govern your access to and use of the website **inres.art** and services provided by **Ezel Corp** (“we,” “us,” or “our”). By accessing this website, minting works, or engaging in transactions, you agree to these Terms. If you do not agree, you must refrain from using the site or purchasing any works.

Ezel Corp is an **Art Blocks Engine partner** providing a platform for the creation, minting, and sale of generative art. While Ezel Corp facilitates transactions and manages the sale of generative works, the platform itself is owned and operated by **Art Blocks, Inc.** under a licensing agreement.

2. Scope of Services

- **Role of Ezel Corp:** Ezel provides a marketplace for the minting, purchase, and sale of generative works. Ezel acts as a facilitator, project manager, curator, and merchant but does not function as a broker, financial institution, or creditor.
 - **Art Blocks Engine Platform:** The generative works on **inres.art** are created using the **Art Blocks Engine**, a proprietary platform owned and operated by Art Blocks, Inc. Ezel Corp does not own or claim rights to the Art Blocks name, proprietary code, or platform technology.
 - **Ownership of Projects:** Ezel Corp owns and operates the **In Resonance** project, collaborating with third-party artists to create blockchain-based generative works.
-

3. Generative Works

- **Generative Nature:** The works available on **inres.art** are generative, meaning they are created algorithmically and minted on the blockchain during the purchase process. The final output may differ from preview samples displayed on the website.
 - **Inspiration and Context:** Works are inspired by historical narratives and collaborations with artists. Ezel ensures that these works do not infringe on registered intellectual property.
-

4. Blockchain and Digital Assets

- **Blockchain Technology:** Transactions conducted through **inres.art** utilize the **Art Blocks Engine** and other blockchain technologies. These technologies operate independently of Ezel Corp. Once minted, works are immutable and beyond the control of Ezel.
 - **Market Volatility:** Digital assets, including those purchased through **inres.art**, are subject to market volatility. Their value may increase or decrease based on global market factors. Ezel Corp does not guarantee the financial value of any work or digital asset.
 - **Art Blocks Metadata:** Art Blocks retains ownership of platform-generated metadata and performance data for operational and analytical purposes. This data is used in accordance with the terms set out in Art Blocks' policies and agreements.
-

5. User Responsibilities and Representations

By using **inres.art**, you represent that:

1. **Eligibility:** You are at least 18 years old.
 2. **Accuracy of Information:** The information you provide is accurate and up-to-date.
 3. **Understanding of Blockchain:** You acknowledge and accept the risks associated with blockchain technologies, including potential loss of digital assets.
 4. **Lawful Use:** You will not use the website for unlawful purposes or in violation of these Terms.
 5. **Wallet Security:** You are responsible for maintaining the security of your digital wallet and bear all risks of unauthorized access.
-

6. Payments and Pricing

- **Cryptocurrency Transactions:** All transactions on **inres.art** are conducted in cryptocurrency. Prices are displayed in the applicable cryptocurrency and are final once confirmed on the blockchain.

- **Payment Processors:** Payments are facilitated through third-party wallet providers. Ezel Corp is not responsible for errors or issues caused by these external services.
 - **No Refunds:** Due to the nature of blockchain transactions, all sales are final.
-

7. Limitations of Liability

- **Platform Usage:** Ezel Corp uses the **Art Blocks Engine** platform under a licensing agreement. The platform is provided "as-is," and Ezel does not warrant its performance, uptime, or security.
 - **Blockchain Risks:** Users accept the inherent risks of blockchain technology, including market volatility, technical failures, and third-party wallet vulnerabilities. Ezel Corp and Art Blocks are not responsible for losses caused by these factors.
 - **No Guarantees:** Ezel does not guarantee the long-term availability or functionality of blockchain records or third-party platforms.
-

8. Dispute Resolution

This agreement is governed by the laws of the State of **Delaware**, except for matters explicitly governed by Art Blocks' terms, which are subject to the laws of the State of **Texas**. All disputes will be resolved through binding arbitration, and users waive their right to participate in class action lawsuits.

9. Modifications to Terms

Ezel Corp reserves the right to modify these Terms at any time. Changes will be communicated via updates to this page. Continued use of the website after such updates constitutes acceptance of the revised Terms.

10. Contact Information

For any inquiries or disputes, please contact us at:
